General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajacr.com/index.php/AJACR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, corrects the manuscript and highlights that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1- The conclusion part should be written again. It is not impressive. 2- The author should add some graphs to increase of the impact of the manuscript. 3- Some sentences are long and not understanding. These sentences should be split. For example: In the discussion part, (i) The THQ.....Bangladesh. (ii) The samples.....Bangladesh. (iii) The range.....the study. 4- Please read the paper "Estimation of physico-chemical, trace metals, microbiological and phthalate in PET bottled water" for the understanding of the writing skills and cite it.	Thank you for the valuable contributions and comments. The following have been addressed 1 The conclusion have been rewritten 2 Some tables have converted to figures (graphs) 3 Long sentences have been splitted as advised 4 Noted
Minor REVISION comments	1- In the sampling part, please mention the sample quantity which has been collected? 2- Please give the full detail of the instrument (AAS) in the supplementary file. 3- What are the LOD and LOQ of the instrument (AAS). Please mention.	1 sample quantity mentioned 2 Full detail of the instrument given see table 1 3 LOD and LOQ of the instrument mentioned
Optional/General comments	1- In the abstract, please mention the method number. 2- English is very poor. Some sentences are confusing. I have found several grammatical mistakes. Please correct them. 3- Page numbers are missing. Please add. 4- In some sentences, the author forgot to put the full stop after the completion of the sentences. Please check it.	1 method number mentioned 2 grammatical errors corrected 3 page numbers added 4 full stops added

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
