

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_91305
Title of the Manuscript:	Modeling Temporal Variation of Particulate Matter Concentration at Different Locations of Delhi-NCR
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none">• In the beginning, the background does not clearly describe the global issues about the problems that you want to raise.• There is also no specific reason why the ARFIMA-GARCH model should be used in this research.• Map of the sampling location points has not been shown in this paper.• There is no description of the analysis that will be discussed in this paper which included in the method section.• The discussion is still not in-depth and the lack of literature makes the conclusions less impactful.	
Minor REVISION comments	There are some grammar mistakes.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
