

## Review Form 1.6

Journal Name:	Asian Journal of Research in Biochemistry
Manuscript Number:	Ms_AJRB_94871
Title of the Manuscript:	Assessment of insulin resistance among obese people at Shendi locality, Sudan
Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://journalajrb.com/index.php/AJRB/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The authors of the paper make a good quality distribution of all research variables, making a very good mix between theory and practice. The results attest that the quality of the research reflects those mentioned in the introduction and methodology. They provide consistent work in the category of defined value for research and related sciences, but provide valuable information for professionals and researchers. The discussion provides valuable information on the established prevalence situation and the factors associated with the current local situation in the studied geographical area, combining information from the international literature with the field situation.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
