PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|--|
| Compulsory REVISION comments | <ol style="list-style-type: none">1- Please author stick with the journal references style and references in the references style must be all in same style2- Please put all figure caption in their appropriate location (under figure)3- Many figures contain no caption at all4- Please do not refer to a figure within the heading or subheading, when you want to refer to a figure (for example) you can star as: HRCT Chest showed (Figure 1): As appear in Figure 1 that show radiographical findings of the patient chest5- Figures caption need more explaining6- Please author try to do not explain any subject with number bullets just when it is necessary to use it, and I saw that the subject and heading/subheading can be easily explained without numbering.7- There was no mention for figure 1 in the main text!!!!!!8- When you want to refer to a figure in the main text you write it as Figure not a Fig. (fig. used only in the figure caption.9- Introduction too brief you need to explain more and showing your main object and gradually enter to your main idea from this study. | <ol style="list-style-type: none">1. Yes, the necessary changes regarding references style have been done.2. Done as per your suggestion.3. In the revised manuscript, all figures arranged with captions.4. Done as per your suggestion.5. More explanation for caption is provided (Fig. 4).6. Numbering removed and corrected as per your suggestion.7. Now mentioned.8. Done accordingly.9. We elaborated the introduction with new citations. |
| Minor REVISION comments | | |
| Optional/General comments | I think the figure 2 and 3 was the same just differ in the magnification size of the image. So, I think you can remove the figure 3 | Thank You for your suggestions. |
