Type of the Article	Review Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajacr.com/index.php/AJACR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ul style="list-style-type: none"><li>• The abstract</li><li>• References all of them; <u>in the text ant the list</u> (not following the journal guidelines).</li><li>• Add keywords.</li><li>• It will batter if you change Fig.2 in to <u>table</u>; you have to mention the reference.</li><li>• Add a list of abbreviations.</li><li>• The scientific names of plants and batteries should always <i>in italic font</i>. In the text or in the list of references.</li><li>• Antimicrobial activity = antibacterial+ antifungal+ antimalarial+ antidiarrheal+ antispasmodial activities all in the same time (all of those are microbes). Therefore, you have to reorganize the titles from 3.2 to 3.8, to eliminate the reputations.</li></ul>	All corrections were made as per the reviewer's comment.
<b>Minor</b> REVISION comments	<ul style="list-style-type: none"><li>• Align/justify all the text.</li><li>• Please respect the punctuations (no full stops before the references; always at the end of the phrases /paragraphs). Some of them are <b>highlighted in red</b>.</li><li>• There is no reference for fig.1; the resolution of the image is low.</li><li>• Please explain the words <b>highlighted in bleu</b>.</li><li>• Page six/ title 3.4; add the unit (<b>highlighted in green</b>).</li><li>• Page six/seven; rephrase (<b>highlighted in pink</b>).</li><li>• <i>In vivo, in vitro</i>; italic font.</li><li>• Change the font to TNR (<b>highlighted in grey</b>).</li></ul>	All corrections were made as per the reviewer's comment.
<b>Optional/General</b> comments	<ul style="list-style-type: none"><li>• Page five/ title 3.1; add more details.</li><li>• Page six/ title 3.2; paraphrase it.</li><li>• Add a title number for the conclusion as you did for the introduction.</li><li>• Add more activities.</li></ul>	All corrections were made as per the reviewer's comment.

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
