PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	1. The research gap is necessary to be describe it in the Abstract and discuss it in details at the Introduction section. 2. Add more updated references; some of the references are old dated. The new references is to show the trend on the application of CTT at the current research area. 3. At Introduction (page#1), different definitions of "assessment" is provided, the author needs to identify which definition is used at this study. 4. At (page#2), the author starts with a section "1.1 Classical Test Theory". It is better to mention the part name like "Literature Reviews" before discussing "1.1 Classical Test Theory" and related sub-sections. 5. Part "1.4 Reliability" listed with different reliability methods; here the author described each type. What is the most appropriate type that fits with the current study? why? 6. At (page#5), it is mentioned the Purpose of study and Research questions. Here is it better to merge this section within the introduction part. 7. Part "4.0 Discussion": extend this part by discussing how you cover each of the research questions and the results you obtained compare the obtained results with most updated studies. 8. Required proofreading.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
