PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<i>The manuscript has scientific content with practical application. The structure of the article meets the requirements of scientific manuscript. Abstract is a brief and comprehensive (specific). Working with literary sources, comparison of previous research and discussions are adequate goals of the manuscript. I have no reservations about the methodology (but I did not check the calculations). Interpretation of research and verification of hypotheses are very good. I recommend the manuscript for publishing.</i>	Thank you very much for your comments.
Minor REVISION comments	<i>Very current applied research with practical benefits.</i>	Thank you very much for your comments.
Optional/General comments	<i>With regard to the global and local situation, the manuscript is very useful. I recommend the manuscript for publishing.</i>	Thank you very much for your comments.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
