

## Review Form 1.6

|                          |  |
|--------------------------|--|
| Journal Name:            | Journal of Energy Research and Reviews                         |
| Manuscript Number:       | Ms_JENRR_92525   |
| Title of the Manuscript: | Overview of smart grid technology as a renewable energy source |
| Type of the Article      | Review article   |

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljenrr.com/index.php/JENRR/editorial-policy> )

### PART 1: Review Comments

|                                     | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| <b>Compulsory</b> REVISION comments | Lot of revisions is required in the alignment of the text. No proper alignment is followed.<br>The content about the smart grid technology has to be explained in proper way and in details. The citations is more or less missing in paragraphs.<br>The figures are not at all satisfactory and the explanation is missing for the individual figures.<br>The actual outcome of the smart grid technology has to be explained in conclusion properly.<br>The figure must be maintained consistency in their labelling. Compulsory need to be modified. Don't keep the scanned images. Keep the original figure.<br>References has to be properly kept in the standard format accordingly in the journal required format. |   |
| <b>Minor</b> REVISION comments      | The alignment of the text is not proper. Lot of corrections required in the manuscript.<br>Table 1 has to be properly presented.<br>Explanation of figures are no where where mentioned in the text ,so mention it and explain it.<br>Acknowledgement has to be added.<br>Advantages and disadvantages of the smart grid technology has to be summarized properly and should not use bullets points as its manuscript not some class notes.   |   |
| <b>Optional/General</b> comments    | The language of the manuscript has to be more technical and authenticated.<br>The manuscript requires major corrections.  |   |

### PART 2:

|  | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) |   |
