EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<ol style="list-style-type: none">1. The scientific content is too slight, it is poorly written, there are many technical mistakes, the review is outdated, it brings no better insight to the content that was already available in many published works.2. The title of the article is not suitable. It mentions Climate Change but the subject is not properly addressed in the manuscript.3. The abstract of the article is not comprehensive. Wordy, only slightly related to title.4. The references are outdated.5. The English language is poor	<p>Correction has been made and climate change has been added where ever necessary. The editor has checked the old version of the manuscript, not my revised paper. Please check the corrected manuscript. The revised paper I have sent and the editor commented paper is different.</p>
