

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_111221
Title of the Manuscript:	Effect of millet based intercropping systems on growth and productivity of castor under irrigated condition
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	After minor revision will be made, it would be a milestone for a scientific community It is quite suitable It is comprehensive nonetheless if sub-headings will not be provided it seems more handsome. Quite appropriate Obviously It's better if references related to the intercropping of millet with castor will be added. The latest research findings must be added. The reference format of reference number 7 must be reviewed	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	It is quite suitable but some lengthy sentences needs to be reviewed.	
Optional/General comments	It would be quite understandable if tables are included within the Results and discussion section.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
