Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	 YES. YES. YES. YES. YES. YES. However, not alphabetically arranged. It is suggested that they are alphabetically arranged using Lead Author’s name or in descending order using date of publication.	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	 YES (EXCEPT minor changes such as “behaviour” written as “behavior” and “favourable” written as “favorable”. A need for correction for a wider universal acceptance.	 I used an American English style for the manuscript. Therefore, I would like to adhere with this style for the entire manuscript.
Optional/General comments Figures and tables should be re-arranged under Appendices.
