Yes In the manuscript, irrigation water charges system for several typical developing countries is analyzed. Irrigation water charging methods are presented and discussed, especially for Uzbekistan. 2. No Most study of the study focus on the Centre Asia counties and East Asia countries. Not for all developing country. I suggest that the title should be revised. 3. Yes 4. Yes 5. Yes 6. Yes	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	No	
Optional/General comments	 1. In the manuscript, only three Central Asia counties and tow East Asia countries are mentioned. If your title focuses on developing countries, more developing countries including Africa etc should be also introduced. 2. Water pricing system has been a very common method to manage water in lots of developing countries which is not recent developed method. The price of water in different countries should be checked and up to date data should be referred. 3. There are grammar mistakes which should be checked and revised. 4. Uzbekistan is mentioned several times. I wonder if the title can focus on the country with more detailed information. 5. Water can be used in several national economic aspects. However, the irrigation water problem is emphasized. If you do not consider the others water usage, I wonder if you can specific your title on irrigation water price. 6. When you mentioned a price in a country, authorized data source and references should be listed in references and cite them.
