

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_110218
Title of the Manuscript:	Integrated management of Charcoal rot and its influence on seed yield and quality in soybean
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	 This is important for scientific community The title of the article is not ok. I suggest – Investigation of charcoal rot disease of soybean and possible fungal treatment to increase yield and quality The abstract is not comprehensive Subsections should be properly aligned to the title There is not enough evidence to answer this. Based on few citation especially in the method section, it is scientific.	 Ok sir I will be complete all suggestions
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	 The English is very poor and should be given to English editor for major input	 Thank you, sir,
Optional/General comments	 There was scientific work done but the presentations are vague	 Thank you, sir,

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	NO
