PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. The topic of this paper is important due to the fact that both climate change and deforestation have a negative contribution on temperature and heat exposure increase which leads to severe human health risks.</p> <p>2. Yes.</p> <p>3. Yes.</p> <p>4. Yes.</p> <p>5. Yes</p> <p>6. Yes</p> <p>In the ABSTRACT authors mentioned that particular policies are needed to be taken by the government. Reading the paper its not very clear if it is about Indonesian government, since the paper is focused on global temperatures. Moreover, in the INTRODUCTION authors talk about strategies to reduce the deforestation, without clarifying this aspect.</p> <p>In DATA AND METHODOLOGY subsection, authors provide a formula without explaining the terms involved in it.</p> <p>Tables and Figure should be mentioned in the text of the paper, without being directly introduced.</p> <p>If Figure 1 do not belong to the authors, please mention the reference.</p> <p>There are only a few words about the forest realm in Indonesia. Would be interesting for the reader to find out more details such as surface, location, etc.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes	
<p>Optional/General comments</p>	The topic is so interesting so that I suggest to provide a more detailed paper in order to fully captivate the reader.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
