

Review Form 1.7

Journal Name:	Journal of Economics, Management and Trade
Manuscript Number:	Ms_JEMT_115820
Title of the Manuscript:	Global Commodity Price Shocks, Exchange Rate and Inflation Dynamics in an Emerging Economy: Evidence from ARDL Modelling Approach
Type of the Article	Original Research Article

## Review Form 1.7

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments  1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)  2. Is the title of the article suitable? (If not please suggest an alternative title)  3. Is the abstract of the article comprehensive?  4. Are subsections and structure of the manuscript appropriate?  5. Do you think the manuscript is scientifically correct?  6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.  <u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u>	 1. This text is quite good, considering the topics raised regarding price issues at the global level, which have implications for exchange rates and inflation in developing countries.  2. The title of the article is very appropriate to the problems raised in this manuscript; the explanation is very concrete about the ARDL model which is used as the object in this article.  3. yes  4. Already appropriate.  5. In my opinion, this manuscript is scientific enough to be published; the remaining data needs to be added to support its accuracy.  6. Some of the references in this manuscript are no longer current, therefore it is necessary to add references that have been updated in the last 3 years and are in accordance with the manuscript.	 1. We are glad that you acknowledge the importance of the topics raised in our manuscript, particularly the implications of global price issues on exchange rates and inflation in developing countries.  2. Thank you for your positive assessment of the title. We are happy to hear that you find it appropriate and that the explanation of the ARDL model used in the article is concrete and clear.  3. We appreciate your confirmation that the abstract of the article is comprehensive.  4. We are pleased to hear that you find the subsections and structure of the manuscript to be appropriate.  5. Thank you for your opinion that the manuscript is scientifically sound enough for publication. We agree that additional data will further support the accuracy of our findings. In the revised version, we will incorporate more recent and relevant data to strengthen our analysis and conclusions.  6. We appreciate your suggestion regarding the references. We have updated the reference list to include more current sources from the last 3 years that align with the topics and methods discussed in our manuscript. These changes are highlighted in yellow.
<b>Minor</b> REVISION comments  1. Is language/English quality of the article suitable for scholarly communications?	 1. It is necessary to add some data to support the findings and add references that have been updated in the last 3 years.	 1. Duly acknowledged. Corrections have been acknowledged and effected.
<b>Optional/General</b> comments	 This article is very worthy of publication
