

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_111397
Title of the Manuscript:	A Comparative biochemical study of mulberry mini clones over conventional stem cuttings (Morus spp.)
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	1. The manuscript is important for scientific community. It shares the knowledge about domesticated mulberry silkworm and its effect on stem cuttings. However, the manuscript didn't account for the climatic conditions that may affect the activities of silk worm on the stem cuttings. Are there climatic conditions in which silk worm thrives? 2. Yes, the title of the article is suitable. 3. The abstract of the article is not comprehensive. Please rewrite and quote the significant values. 4. The subsections and structure of the manuscript are appropriate. 5. The manuscript is scientifically correct. 6. The references are sufficient, but some of them are very old.	Noted Revision made Correction effected
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Yes, it is	Thanks
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
