

**Editor's Comment:**

Ref: 2024/AJCR/115269

Academic Editor Note:

- As mentioned by one of the reviewers there is no association analysis between the variables (Pearson's and Fischer's analysis) as mentioned in the materials and methods by the authors.
- Essential statistical details may be incorporated into the Tables and figures using prefixes, suffixes, or table notes before publication.

Editorial Decision of the Academic Editor:

As per the reviewer's comments, this manuscript may be accepted for publication in the Asian Journal of Case Reports in Surgery.

**Editor's Details:**

Dr. Vinoth Prabhu Veeramani  
Assistant Professor, University of Tabuk, Kingdom of Saudi Arabia.
