

Review Form 1.7

Journal Name:	Asian Journal of Case Reports in Surgery
Manuscript Number:	Ms_AJCR_115269
Title of the Manuscript:	EPIDEMIOLOGICAL ASPECT AND ASSOCIATION OF HYPERTENSION AND DIABETES IN A MOROCCAN POPULATION OF HYPERTENDS
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	 1. The manuscript is important for the scientific community though for an epidemiological study multi-centre study with a higher patient population would have been adequate. 2. The title is suitable. 3. The abstract is inadequate and does not reflect the study objectives. 4. The subsections and structure of the manuscript is appropriate but lacks details. The introduction, discussion and results are inadequate and requires a more detailed overview of the study. There are no tables to illustrate the association analysis between the variables (Peason's and Fischer's analysis) as mentioned in the materials and methods. 5. The manuscript is scientifically correct. 6. The references are not sufficient and not even recent.	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
