(If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	yes not not comprehensive very short and not explain what they done clearly not appropriate some part correct need to use more newest references	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Yes quality is enough	
Optional/General comments	This article, titled The effect of continuous fertilizer and animal manure application on the distribution of sulfur fractions in Vertisol, has not been studied sufficiently, the summary is too short and it is not clearly mentioned what exactly was done. There is no trial year, so no opinion on the adequacy of the references could be obtained. It was not used the 5 reference in texts which given in the references.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
