

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_115833
Title of the Manuscript:	Accumulation and Potential Remediation of Copper in Golf Course Putting Greens
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	Yes. Study determine accumulation of cupper in Golf course and analysed potential remediation techniques of soils containing toxic cupper concentrations. Yes Yes Yes Yes Yes	1. No comment 2. No comment 3. No comment 4. No comment 5. No comment 6. No comment
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	The manuscript is well structured and found to add knowledge, No need for adjustment in my opinion. Relevance of the article was captured and no ethical practices noted, the title need minor modification. Abstract, material and methods, Result presentation and tables adequate. Discussion and conclusion are apt to the topic	No changes as title accurately describes study.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
