Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u>	<p>1. The manuscript investigates the generalized dual hyperbolic Guglielmo number, with different types of particular case analysis, which sounds very good for understanding the manuscript and its content. This article will play an important role in the scientific community.</p> <p>2. I think the title can be rewritten as “An Analytical Study on Dual Generalized Guglielmo Numbers”</p> <p>3. The abstract lacks a key finding statement and needs to be rewritten to highlight this study's main contribution.</p> <p>4. The manuscript has a section but no subsections, and it is advised to develop some.</p> <p>5. Yes, but need some more polishing.</p> <p>6. Ok</p> <p>Some additional comments: It would be better if the author provided some application-based discussion of the proposed numbers so that their readability and applicability increase enormously.</p>	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Yes
