

Review Form 1.7

Journal Name:	Asian Journal of Research in Biochemistry
Manuscript Number:	Ms_AJRB_115688
Title of the Manuscript:	NMR ANALYSIS OF DOG ERYTHROCYTIC MEMBRANE ANTIGEN
Type of the Article	Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	1-yes It is important, but requires more research to support the idea 2-yes 3-yes But it needs to be rephrased grammatically because it lacks meaning 4-no You need tables of figures that support the practical aspect 5-As an idea, yes, but the researcher was not successful in presenting his research 6-No, most of the references are old and need to be supported by modern references	Agreed Agreed Okey It's the preliminary study, First time the dog erythrocytic membrane antigen were studied in NMR for its application in blood grouping not much research in the dog erythrocytic membrane antigen in NMR analysis so unable to quote recent references
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	The language needs revision	Corrected
Optional/General comments	All comments mentioned above	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
