

Review Form 1.7

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_115815
Title of the Manuscript:	Design and Development of Vertical Rotor for Precision Seeding of Okra: Incorporating Physical and Engineering Attributes
Type of the Article	Scientific research

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	The manuscript illustrated the method and application of physical and engineering properties of okra in the design of metering plate for precision planting. With the adoption of this technology, the drudgery associated with planting and sowing could be eliminated. It is suitable and need to be modified as follows; <u>Design of Vertical Rotor Metering Plate for Precision Seeding of Okra: Incorporating Physical and Engineering properties</u> Yes Yes Yes Yes	Okay
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Yes absolutely	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
