

Review Form 3

Journal Name:	Asian Journal of Cardiology Research
Manuscript Number:	Ms_AJCR_125361
Title of the Manuscript:	Heart Rate Changes in Contexts of Acute and Chronic Pain
Type of the Article	Review Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript provides a timely and comprehensive review of the relationship between heart rate variability (HRV) and pain, shedding light on the complex interplay between autonomic nervous system function and acute and chronic pain. “But the author has to revised and do lot of correction in the manuscript to get the betterment” SEE ATTACHMENT	
Is the title of the article suitable? (If not please suggest an alternative title)	Need Modification : Alternative topic : Heart rate variability in contexts of acute and chronic pain- A systemic review	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes do little correction	
Are subsections and structure of the manuscript appropriate?	No – Need little corrections	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Need correction from the headings below 1. A comprehensive and systematic review of the literature, need wide range of studies on heart rate variability (HRV) in acute and chronic pain. 2. Rigorous methodology, including clear inclusion/exclusion criteria, quality assessment (have to mention), and data extraction. 3. Have to add Accurate interpretation of results , acknowledging potential limitations and biases.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	Reference should be in order and in English version, As review article need more reference	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Nil	
Optional/General comments	Have to do necessary correction before publication	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
