PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript provides valuable insights into blockchain, addressing gaps in current knowledge and offering fresh perspectives that could advance the field significantly. Its findings could be instrumental in guiding future research and may help refine methodologies or theoretical frameworks. I appreciate the manuscript for its rigorous methodology and well-structured argumentation, making complex concepts accessible to a broader scientific audience. However, some limitations present could be addressed to strengthen its conclusions further, enhancing its contribution to the scientific community.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes
