

Review Form 3

Journal Name:	International Journal of Medical and Pharmaceutical Case Reports
Manuscript Number:	Ms_IJMPCR_126322
Title of the Manuscript:	Myocardial bridging Diagnosis and Management in a student pilot candidate a case study with literature review
Type of the Article	Case Study

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This case highlights an incidental finding of myocardial bridging in an asymptomatic patient diagnosed during a medical check-up.	Okay
Is the title of the article suitable? (If not please suggest an alternative title)	The title is appropriate	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is appropriate	
Are subsections and structure of the manuscript appropriate?	There subsections in the manuscript can be improved. A) Case presentation: i) Suggest to include the patient's ECG, and coronary CT angiography images. ii) Please state the length and depth of the myocardial bridging. iii) Has the functional significance of the MB has been assessed? iv) What is the subsequent management of the patient? B) Discussion: i) Please state and discuss the recommended management of MB in both asymptomatic and asymptomatic patients based on the latest guidelines ii) Is there a role of functional imaging in the management of MB? iii) What is the aeromedical guidelines or view on crew with MB?	All corrections are made
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This case describes the findings of MB in an otherwise asymptomatic patient. However, more information are needed in the case presentation and discussion sections.	Okay
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient and recent	

Review Form 3

Minor REVISION comments	The quality of English language is suitable for scholarly communications.	
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
