

**Review Form 3**

Journal Name:	<a href="#">International Journal of Plant &amp; Soil Science</a>
Manuscript Number:	Ms_IJPSS_126281
Title of the Manuscript:	Effect of two biofertilisers based on endophytic fungi on fall armyworm infestations in maize production in the Kara region of Togo
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript is significant for the scientific community as it addresses a critical gap in current research, providing new insights that could influence future studies and applications. Its rigorous methodology and comprehensive analysis enhance the credibility of its findings, making it a valuable contribution to the field. Personally, I appreciate this manuscript for its clarity and originality; it presents complex concepts in an accessible manner while challenging established ideas. However, I believe some sections could benefit from further elaboration to strengthen the overall impact of the research.	We appreciate with thanks.
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it fits	We appreciate with thanks.
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, comprehensive	We appreciate with thanks.
Are subsections and structure of the manuscript appropriate?	Yes, it fits	We appreciate with thanks.
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The results obtained on the basis of the methods and scientific approaches used in the research correspond to the theoretical data. The article contains a modern statistical analysis of the data. Results and discussion should be written more extensively.	We appreciate with thanks.
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Literature is new and sufficient	We appreciate with thanks.
Minor REVISION comments		We appreciate with thanks.
Is the language/English quality of the article suitable for scholarly communications?	Yes, it fits	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
