

Review Form 3

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_126829
Title of the Manuscript:	Soil physico-chemical responses to integrated nutrient management in Lentil intercropped with Bhimal (Grewia optiva) in Agroforestry vs. open systems
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Soil health is of utmost importance for the fundamental growth of food system and forming bedrock of agriculture. This manuscript discusses the application of INM on soil health when lentils were intercropped within a Bhimal agroforestry which results in improvement of soil's physical and chemical properties.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, the title of the manuscript is suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, article abstract is comprehensive and clearly explains the research area	
Are subsections and structure of the manuscript appropriate?	The structure of the research article is fine and sections as well as subsections are properly numbered.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Manuscript is scientifically appropriate and clearly explains the key findings of the research. Tables are effectively presented the collected data while conclusion clearly showed the research findings.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, References are sufficient and recent	
Minor REVISION comments	The article English quality is quite good and suitable for scholarly communications	
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
