It touches on issues of Sustainable Development Goals envisioned globally (Poverty Alleviation, No Hunger, and Quality and Equity in Education)	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	Ok
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Touch on the methods and methodology, findings and suggestions based on the study in the abstract.	
Are subsections and structure of the manuscript appropriate?	Not really. There is no Findings and Discussion section, Implication of the study section, and areas for further research work.	Updated the manuscript
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	It does well by tracing school feeding from of old. The act of linking current issue from seminal literature (empirical) makes the paper very understandable, and scientifically good.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Both seminal and current references are present, which makes it good. However, some references are too old. For example, references from 2004.	The reference list has been updated.

Review Form 3

Minor REVISION comments	Minor touches should be done on the grammar.	
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments	<p>There is not statement of problem, purpose of the paper, and research objectives in the paper. Kindly make it explicit at the end of the Introduction. This makes it a bit difficult to understand the scope and focus of the paper.</p> <p>Under Theoretical Review, kindly use linking words to merge all the theoretical underpinnings of the paper. This will help 'contextualize' the study.</p> <p>Attach dates to names of authors and philosophers under the theoretical review section (in-text and end-of-text citations).</p> <p>Kindly delete the 'among others' attached to the in-text references under the empirical section.</p> <p>Delete the quotation marks in the empirical review portion.</p> <p>Kindly make a comprehensive brief about your methods and methodology. Talk about research design, study area, population and sample for the study, sampling procedure, data collection tools or techniques, ethical consideration, and analysis of data.</p> <p>There is no Findings and Discussion section, Implication of the study, and areas for further research work. Kindly attach them all as different sections of the study.</p> <p>Thank you.</p>
