<u>Optional/General</u> comments	<ol style="list-style-type: none">1. Introduction part should be more on self-awareness. It must be correlate with educational development.2. Review of literature must be added to highlight existing researches.3. Research objectives and hypothesis must be added.4. In Research Methodology, research approach is missing. Research design section should be discussed under research methodology section.5. Which tool was used in data analysis?6. Discussion section should be added to compare the results with previous researches.7. Recommendations should be more clear and applicable	We are thankful for your comments. We have thoroughly revised the paper as suggested. Additionally, I understand that you would like to focus more on self-awareness in the introduction; however, my dependent variable is educational development, which is the core focus of my study. Additionally, while I recognize the suggestion to include a more extensive review of related literature, the journal has a strict word limit. Adding more literature would make the paper exceed this limit, which could compromise its conciseness and adherence to the journal's requirements.
