

Review Form 3

Journal Name:	Asian Journal of Food Research and Nutrition
Manuscript Number:	Ms_AJFRN_126186
Title of the Manuscript:	PROXIMATE AND PHYTOCHEMICAL ANALYSIS OF CUCUMBER (CUCUMIS SATIVUS L.CV PIPINO) AND WATERMELON (CITRULLUS LANATUS (THUNB.) MATSUM AND NAKAI CV RED.
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The given manuscripts are carefully examined, and the statistical procedures are described in detail, guaranteeing that the conclusions are supported by the data. The study's reproducibility, which includes comprehensive protocols, further validates the study's technical soundness and makes it possible for other researchers to carry out similar investigations.	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	yes	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The data presented are meticulously analyzed, and the statistical methods are clearly outlined, ensuring that the conclusions drawn are well-supported by the evidence. The technical soundness is further evidenced by the reproducibility of the experiments, as detailed protocols are provided, allowing other researchers to replicate the study.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. :	<p>You should incorporate latest article</p> <ol style="list-style-type: none">Singh, D., Sharma, M.
