PART 1: Review Comments

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	<p>The manuscript is suitable for scientific community. This is because we consume leafy vegetables often and consumers these days are always particular about what they take in.</p> <p>A Review on the Nutritional value of some leafy vegetables and their potential impact on human health”</p> <p>Not too comprehensive</p> <p>Partially</p> <p>Yes, it is</p> <p>Some of the references are not recent</p>	<p>Noted</p> <p>Ok</p>
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Suitable	
Optional/General comments	<p>The first sentence in the introduction does not have any meaning. Most of the et als are not italicised. Some words are lumped together. You only spoke on one anti-nutritional factor. How about other anti-nutritional factors?</p> <p>Let your review be comprehensive enough</p>	

PART 2:
