

Review Form 1.6

Journal Name:	Asian Journal of Biotechnology and Bioresource Technology
Manuscript Number:	Ms_AJB2T_82311
Title of the Manuscript:	Evaluation Of The Effects Of Some Metal Chloride On The Initial Reaction Rate Of Crude Peroxidase From Watermelon Peels
Type of the Article	Original research article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The article needs to check for English grammar.2. The authors need to clarify the novelty of the study in the introduction3. The bar errors should be displayed in Figures.4. Can the authors explain the decreasing of the initial reaction rate of crude peroxidase as the concentration of of Pb2+ increased above 0.025 mM?5. The mechanism of metal ion influence on the initial reaction rate of crude peroxidase should be added in Results and discussion section.	Treated as recommended. However, the author feels satisfied without the error bars
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
