Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	1 yes but as you know it is common to find epispadias what is unique to yours please 2 yes but the mentioned issue 3 yes but extensive information 4 no, not structured 5 fair 6 except the second reference the others extremely old and difficult for updated information. As you know the more you update, case reports will become more common cases and not be novel. I want to thank you about your treatment achievement.	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments
