

## Review Form 1.7

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_110299
Title of the Manuscript:	Essential oils of Pimenta racemosa (Mill.) and Mentha x piperita (L.) against Fusarium oxysporum associated with rot of tomato fruits
Type of the Article	

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments  1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)  2. Is the title of the article suitable? (If not please suggest an alternative title)  3. Is the abstract of the article comprehensive?  4. Are subsections and structure of the manuscript appropriate?  5. Do you think the manuscript is scientifically correct?  6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.  (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	The article is important, especially since it encourages the use of natural biological agents as fungal inhibitors, away from pesticides  Yes  Yes  Yes  Yes  Yes The Biological activity of coriander oil on plant pathogenic fungi .Ann. Agric. Res. New Series Vol. 40 (4).2019	Noted
<b>Minor</b> REVISION comments  1. Is language/English quality of the article suitable for scholarly communications?	yes	
<b>Optional/General</b> comments	A description of the studied fungi can be added  Did you take the aromatic plants from one site or from several sites??  Pinene compounds have a role in inhibiting the growth of fungi and Fusarium fungi. The result can be included with the explanation, and this is a reference for that.	Noted

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
