	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u>	<ol style="list-style-type: none">1. The manuscript addresses a relevant and significant topic regarding the long-term role of equities on cash holdings in the construction firms of Turkey. Analyzing the relationship between equities and cash holdings has implications for financial strategies in the construction sector. The findings could contribute valuable insights to financial decision-making in similar sectors and countries.2. The current title, "The long-term role of equities on cash holdings of the construction firms in Türkiye," effectively conveys the main focus of the manuscript. However, for conciseness and clarity, an alternative title could be: "Equities and Cash Holdings: A Long-Term Analysis of Turkish Construction Firms"3. Objectives could be clearer, and the importance of the investigation needs to be highlighted.<ul style="list-style-type: none">○ Provide more details on the specific analytical methods used.○ Explicitly mention key results from the returns on assets and returns on equities analysis.○ Include practical implications for construction firms in Turkey.○ Conclude the abstract with a concise summary or takeaway message.4. The manuscript's structure is generally appropriate, but it could benefit from clearer subsection organization and headings for improved readability.5. Yes, the manuscript appears to be scientifically correct based on the information provided.6. The references seem sufficient, but the specific references cited are not provided here. Please include the list of references for a more detailed assessment.	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	The language and English quality of the article are generally suitable for scholarly communication.	
Optional/General comments	The manuscript explores the long-term impact of equities on cash holdings in Turkish construction firms. While generally well-structured, minor improvements are needed in abstract clarity, introduction context, and methodological details.
