<b>Minor</b> REVISION comments  <b>1. Is language/English quality of the article suitable for scholarly communications?</b>	Yes. Though require improvement not to use first person narration but past and third person narration e.g. School Head A said that;  <i>"Although I don't have to be an expert, I must learn to deal with Elementary, Junior High, and Senior High School teachers because they have distinct characteristics."</i>	Thank you for the observation, but I think it is not a narration but the actual verbatim response of the participant telling her experiences or describing her characteristics as a resilient leader that would support the emerged themes.
<b>Optional/General</b> comments
