

## Review Form 1.7

Journal Name:	Asian Journal of Agricultural and Horticultural Research
Manuscript Number:	Ms_AJAHR_111180
Title of the Manuscript:	Isolation and inoculation effect of Trichoderma reesei on growth and yield of Barley
Type of the Article	

## PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b><u>Compulsory</u></b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></b></p>	<p>1. Yes, in this article discuss about human health, chemicals which used in fertilization but they have side effects on soil and especially on human health. But Plant growth promoting fungi (PGPF) serves as a best alternative in place of chemicals to enhance plant growth patterns, crop productivity examines plant growth promoting fungi effect on barley crop and discuss about <i>Trichoderma reesei</i> which were inoculated with barley seeds and its effects were analyzed.</p> <p>2. Yes, but I want to suggest another title i.e. (Effect of <i>Trichoderma reesei</i> on growth and yield of wheat, barley and agriculture application).</p> <p>3. Yes</p> <p>4. Yes, <b>subsections and structure are manuscript appropriate.</b></p> <p>5. Yes, Manuscript according to scientific format.</p> <p>6. Yes, reference is sufficient and according to citation.</p>	<p>Agreed</p> <p>A new title was suggested by reviewer but it is technically wrong as application of bioinoculants was not examined on wheat. So, we cannot change the title as it can become controversial and unethical too.</p> <p>Agreed Agreed Agreed Agreed</p>
<p><b><u>Minor</u></b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	<p>Yes, English language is the best source for scholarly communications.</p>	
<p><b><u>Optional/General</u></b> comments</p>		

## PART 2:

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
