

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_111388
Title of the Manuscript:	Remote Sensing and GIS application for Land use/Land cover Classification Accuracy Assessment in Jabalpur district, Madhya Pradesh
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? Yes (Please write few sentences on this manuscript) 2. Is the title of the article suitable? Yes (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? No 4. Are subsections and structure of the manuscript appropriate? Yes 5. Do you think the manuscript is scientifically correct? Yes ,after making a major Revision 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. No, need some more recent article in close fields (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	1. The study is carried with the objective to prepare land use/land cover and to make accuracy assessment of classified data of Jabalpur district of Madhya Pradesh for the year 2016 using remote sensing and GIS. This study demonstrates the successful application of RS and GIS for the classification of LULC map and then assessment of accuracy of classified LULC map. 2. Abstract is short and needs more details 3. Fig. 1 need to be more clear. 4. The discussion is weak and needs more explanation 5. Based on the conclusions of the research, the authors need to add a description of suggestions and added value for other researchers or readers. 6. It would be better to cite more recent article in close fields.	2. Suggestion has been incorporated 3 Quality of Fig 1 has been improved in revised manuscript. 4. Suggestion has been incorporated. 5. Suggestion has been incorporated and more elaborations have been made in manuscript. 6. Suggestion has been incorporated
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	No ethical issue.
