Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	The manuscript is good as far as it utility is concerned and important for users' and the environment. Yes Yes Structure is not as per the line of research methodology. Review of literature should be placed just after the introduction or concepts, than research gap, after that research justification, after that research aim and objectives, after that research hypothesis and then research methodology. In this manuscript the research design is not mentioned. So keeping in view of the above my recommendation to the writer to adjust the manuscript accordingly. Reference is sufficient. As mentioned above and the critical value should be mention at appropriate place.	Ok
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Yes, suitable	Ok
Optional/General comments	As above.	Noted
