

Review Form 1.7

Journal Name:	Asian Journal of Education and Social Studies
Manuscript Number:	Ms_AJESS_111484
Title of the Manuscript:	Predictors to Students' Enrollment Pattern into Technology Education Programmes in Tertiary Institutions in Rivers State, Nigeria
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	<p>Yes, the manuscript has the potential to contributes to the body of knowledge as it addresses the major concern of very low enrolment in technology education courses. So, identifying patterns which is what this study is trying to do will assist the technology sector immensely.</p> <p>The title is very much suitable just need a little bit of reworking replacing technology education with metalwork education to narrow down the area of focus since technology education is too broad.</p> <p>Yes it is comprehensive</p> <p>The structure is appropriate. The author needs to number the sections and add other missing sections as advised by the comments in the manuscript.</p> <p>Yes it is scientifically correct</p> <p>The references are sufficient and recent. The author just has to change a referencing style to Vancouver and add DOI where possible. This link will assist in getting doi https://search.crossref.org/</p> <p>I have made some additional comments. Please see the manuscript. The author should also use a single spacing as suggested by the journal, adopt the Vancouver referencing style and add numbers to heading and sub heading.</p>	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	<p>The language is okay but a native English speaker should proofread and edit the manuscript before publishing. Tenses should be paid attention to. A certificate of language editing should be provided as a proof of editing upon submitting a final draft.</p>	
Optional/General comments	<p>The paper is of good quality and it has the potential to contributes to the technology education sector. This study looks at the low enrolment in technology education sector which is a global crisis and studies of such nature are crucial in identifying the underlying factors so that they can be curbed.</p>
