Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	<p>Yes, finding is supportive to agriculture particularly to that area but its global significance is limited.</p> <p>Title is fine</p> <p>Abstract should be written in single paragraph with including some more result there is only extreme result without further verification only one dose cannot be recommended it will be better to include second trend improvement with alter dose too. Abstract need to be improved.</p> <p>All is fine but methodology subsection can be merged to maintain uniformity of paragraph paragraph are very smaller and looks like messy.</p> <p>Although manuscript seem good there is necessary to provide more detail about analysis and anova table and test detail used in analysis.</p> <p>Reference should be cross checked and some old reference s should be updated. The very few reference which are relevent for result its number and content should be increased at leat 30 references should be there with some recent reserches, I dint seen any recent research except 2-3.</p> <p>Discussion section is to weak you need to add more recent literature in support of your research, how you research is relevent for organic agriculture?</p> <p>Provide one paragraph on sustainability of your research.</p> <p>Provide some figures there is no figure at all</p>	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	English of your manuscript is extremely poor. Please consider taking help of a native English speaker or hire editing service.	
Optional/General comments	Correct spacing and grammatical issues in entire manuscript.
