

## Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_110516
Title of the Manuscript:	Effect of Natural Farming on Soil Health, Growth, Yield and Quality of Sorghum-Oat Fodder Production System
Type of the Article	Original Research Article

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments  1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)  2. Is the title of the article suitable? (If not please suggest an alternative title)  3. Is the abstract of the article comprehensive?  4. Are subsections and structure of the manuscript appropriate?  5. Do you think the manuscript is scientifically correct?  6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.  (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	<p>The object of the research is important because it is the study of two of the most produced cereals in the world and occupies a prominent position in India, where the study was carried out. In the last paragraph of the introduction, the authors show the importance of using the natural farming approach in order to reduce the wear caused by inorganic fertilizers in the soil. The methodology section is explained clearly, and the results are in accordance with the objectives. The research ends with a synthetic conclusion that does not repeat previous results and clearly points out the advantage of the study carried out, highlighting the importance of the results obtained.</p>	
<b>Minor</b> REVISION comments  1. Is language/English quality of the article suitable for scholarly communications?	Yes	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
