

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_109992
Title of the Manuscript:	EFFECT OF FOLIAR SPRAYING OF NANO ZnO ON QUALITATIVE AND PHYSICAL PARAMETERS OF TOMATO GROWN IN POLYBAGS
Type of the Article	Research article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u>	<p>Yes, the manuscript on the "Effect of Foliar Spraying of Nano ZnO on Qualitative and Physical Parameters of Tomato Grown in Polybags" is important for the scientific community. The study explores the impact of using nano-sized zinc oxide (ZnO) through foliar spraying on both qualitative and physical parameters of tomatoes cultivated in polybags. This research is valuable as it addresses the application of nanotechnology in agriculture, specifically in enhancing crop quality. Understanding the effects of nano ZnO on tomatoes could contribute to advancements in agricultural practices, potentially offering sustainable solutions for improved crop yield and nutritional quality. The findings may have implications for researchers, agronomists, and policymakers interested in the intersection of nanotechnology and agriculture.</p> <p>YES</p> <p>YES</p> <p>YES</p> <p>YES</p> <p>YES</p> <p>Very good work and please justify the treatment details</p>	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	YES	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
