

Editor's Comment:

1. This manuscript is still struggling to tense issues in some sections. The sections which need to be changed in past tense are mentioned below.

- Procedure methodology
- Pot filling and treatment
- Planting and watering
- Observation Parameters

2. The heading 'Observation Parameters' should be changed as 'Observations Recorded'

3. The third point in the 'Observation Parameters (in submitted manuscript)' i.e., 'panel length' should be changed as 'panicle length'.

4. ABSTRACT: In the section study design, the spelling of 'thri' should be corrected as 'three'.

5. Check the entire manuscript carefully and remove all types of error.
