

Review Form 1.7

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_110641
Title of the Manuscript:	Occurrence and incidence of wilt disease on fenugreek caused by Fusarium oxysporum Schlecht in Rajasthan
Type of the Article	Original Research Article

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1- Yes</p> <p>1. Crop Management and Agriculture Practices: Understanding the prevalence and distribution of Fusarium wilt in fenugreek helps farmers and agricultural professionals implement effective crop management strategies. This includes selecting resistant varieties, adopting suitable crop rotation practices, and employing appropriate soil and water management techniques.</p> <p>2. Scientific Knowledge and Research: Investigating the occurrence and incidence of wilt disease contributes to scientific knowledge about plant-pathogen interactions. This knowledge can be valuable for researchers studying plant diseases, leading to advancements in plant pathology and contributing to the development of innovative solutions for disease management.</p> <p>2-it is suggested to add: a case study Occurrence and incidence of wilt disease on fenugreek caused by <i>Fusarium oxysporum</i> Schlecht in Rajasthan: A case study</p> <p>3-no. The details comments are attached in the manuscript</p> <p>4-ok</p> <p>5-ok. However the discussion on scientific Ir is not enough. Please find the comment in the attachment</p> <p>6-in introduction the Ir too old</p> <p>7-I have comments in the manuscript in details</p>	<p>1-</p>
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>ok</p>	
<p>Optional/General comments</p>		

Review Form 1.7

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
