

Review Form 1.7

| | |
|--------------------------|---|
| Journal Name: | Chemical Science International Journal |
| Manuscript Number: | Ms_CSIJ_110855 |
| Title of the Manuscript: | Dairy products from Burkina Faso: Quality and some fraudulent practices |
| Type of the Article | Data Note |

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|---|--|
| Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u> | <p>the article deals with a subject of great importance especially in the current context of consumption of dairy products and sub-products in West Africa and Burkina in a direct manner Seeing the title we have the impression that the document deals with local milk, but reading the document we realize that it is talking about processed milk powder. it is therefore preferable to review the title in these terms "the processing of milk imported into Burkina Faso: fraudulent practices"</p> <p>the summary does not provide all the information needed to understand the content of the document The structure of the document is good Subject to corrections, the document is acceptable references are also acceptable</p> | <p>We thank you very much for the opportunity you are giving us to provide a revised version of our manuscript. We agree with you.</p> <p>-We suggested as a new title: "Processing practices and quality of dairy products in Burkina Faso" since the manuscript deals with dairy products, including some locally manufactured dairy products and imported powder milk commercialised in Burkina Faso</p> <p>-The abstract was also revised accordingly to provide the information needed to understand the content of the document.</p> |
| Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications? | <p>the language is understandable</p> | <p>Thank you very much</p> |
| Optional/General comments | <p>It is very important to review the title, abstract and introduction. the title to fit the content, the summary to take into account all the results obtained and the introduction to properly situate the problem.</p> | <p>We agree with you, thank you very much. We revised accordingly the title, abstract and introduction in the revised version.</p> |
