If you havesuggestion of additional references, please mention in thereviewform.</p> <p><u>(Apartfrom abovementioned6points,reviewersarefreetoprovideadditional suggestions/comments)</u></p>	<p>I consider that it is convenient to point out the intention and the effort that the authors makein wanting to make the manuscript and bring an experience to a research product, that iscertainly valuable and recognized.</p> <p>I think it would be an interesting model to improve andestablish originality. Your work is interesting, written well, and organized.</p> <p>However, thereare some comments should be considered before publishing, in this way, the scientificqualityofthemanuscriptwouldbeimproved.</p> <p>Isuggesttheauthorsupdatethebibliography,many of the citations are more than 15 years old, therefore I suggest adding recentreferences which address the issue in question.</p> <p>Suggested citations are for genuinescientific reasons that emphasize the current topic of study in context.</p> <p>Authors shouldconsider the corrections suggested by the reviewers. In this way the postulated manuscriptwouldbereasonablypresented,fluent reading.</p>
