### Minor REVISION comments

1. **Is language/English quality of the article suitable for scholarly communications?**

   Need reword

### Optional/General comments

1. Try to reword the manuscript's title because it's so widely used.

2. please, look to "Asian plant research journal" template and follow it style to arrangement manuscript topics.

3. The crucial section “abstract” was missed from the manuscript

4. “results” section must be after “methodology or “method” sections.

5. It might be preferable to combine “results” and “discussion” into a single section.

6. The results require more exploration and in-depth analysis.

7. As per the journal’s guideline, the paper must include a minimum of 15 references. Therefore, further references are required.

8. References are generally outdated.
