PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u>	 1. The abstract does not clearly outline the research findings. 1. The abstract should include conclusions drawn from the research findings. 2. The background does not present data on the number of farmers in the research location or how they have been conducting agriculture thus far. 3. Clarify the existing gap in this research. 4. In the methodology section, please specify the type of research, research design, and determination of sample size. 5. In the results and discussion section, please include previous studies that could be used as a comparison in the discussion. The article presents only results in the form of percentages but does not show similar or conflicting findings from previous studies, which warrants discussion. Please include the sources used.	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?		
Optional/General comments
